Skills

Languages:	C++, C, JavaScript (ES6+), TypeScript, Python, SQL, HTML5, CSS3
Frameworks & Tools:	React.js, Next.js, Node.js, Express.js, Tailwind CSS, Drizzle ORM, Git, Vite, GSAP
Technical Skills:	Data Structures and Algorithms, REST APIs, Full-Stack Development, Responsive Web Design
Soft Skills:	Leadership, Communication, Teamwork, Adaptability, Logical Thinking

Projects

Finance Brunch | *React.js, TypeScript, Vite, Tailwind CSS, GSAP* | Live Demo *Oct' 26*

- Designed and developed a responsive financial services platform integrating 4 key service areas—investment planning, mutual fund solutions, wealth management, and tax filing—with dedicated service pages and user-focused navigation.
- Integrated 4 investment calculators—SIP, Step-Up SIP, Lumpsum, and SWP—using reusable React components and responsive layouts.

TripTastic | *React.js, Vite, JavaScript, Node.js, Express.js, Tailwind CSS, REST APIs* | Live Demo *Sep' 26*

- Engineered a full-stack travel planning application featuring 5 capabilities: AI itinerary generation, destination discovery, interactive maps, weather information, and currency conversion.
- Integrated Google Gemini AI, Leaflet maps, and RESTful weather/currency APIs to dynamically generate multi-day itineraries in under 1 minute.

Krupa's Dental | *Next.js, TypeScript, Tailwind CSS, PostgreSQL, Drizzle ORM* | Live Demo *Aug' 26*

- Created a responsive dental website featuring 4 core sections: dental services, doctor profiles, an image gallery, and appointment booking.
- Architected a role-based admin dashboard and automated 30-minute slot booking system using PostgreSQL and Drizzle ORM, preventing double-bookings and reducing manual scheduling overhead by 100%.

Real Estate | *HTML, CSS, JavaScript, Responsive Web Design* | Live Demo *June' 26*

- Built a responsive real estate website featuring 4 property-display elements: property listings, detailed property pages, image galleries, and amenity information.
- Added interactive property search and filtering, validated inquiry forms, and CSS/JavaScript animations to support property discovery and browsing.

Training

Lovely Professional University (LPU) *Aug' 26 – Aug' 26*

MERN Stack & DevOps Bootcamp

- Completed comprehensive training in MERN Stack (MongoDB, Express.js, React.js, Node.js) and DevOps, gaining hands-on experience in full-stack development and deployment practices; successfully earned an A grade.

Certificates

MERN Stack & DevOps Bootcamp | LPU Certificate	Aug' 26
Database Management System Part - 1 | Infosys Springboard Certificate	Aug' 26
Web Development – 18-Hour Live MOOC | Rising Tech Pro Certificate	Jan' 25
Linux Commands and Shell Scripting – 17-Hour MOOC | Skill era Certificate	Nov' 24

Achievements

- Qualified for Round 3 of the Dev Storm Hackathon by developing TripTastic, a group travel planner for personalized multi-day itineraries.
- Solved 50+ Data Structures and Algorithms problems on LeetCode using C++.
- Maintained a 250-day consecutive streak on Matiks.

Education

Lovely Professional University — Phagwara, Punjab
Bachelor of Technology — Aug' 24 – Present
Computer Science and Engineering; CGPA: 7.02

Narayana College — Vishakhapatnam, Andhra Pradesh
Intermediate — Jun' 22 – Jun' 24
Percentage: 92

Narayana School — Vizianagaram, Andhra Pradesh
SSC, Percentage: 90.5 — Jun' 21-May' 22
